

Angelica Castillo

Professional Bio

Angelica Castillo loves working at St. Charles. She started out as “just” a parent and became the principal’s executive assistant in 2001. She has worked as in many areas: administrative assistant at an engineering firm, human resources at American Furniture and 16 ½ years as a Customer Service Supervisor at Sun west Bank. She received an Associates Degree at CNM formerly known as TVI in Accounting. Mrs. Castillo is very interested to know how it will be to work at St. Charles without her children. Her youngest graduated from here in 2007. And don’t forget “Angel Costello” is our resident movie star. Look for her in the movie, “Sunshine Cleaning.”

Educational Philosophy

Mrs. Castillo believes the foundation of a successful life is kindness. Her three children will attest to the fact that she is constantly “lecturing them” on the virtues of being good and kind. She asserts, “You will not be remembered because you were the smartest, the prettiest or the dumbest, people will remember you because you were kind.”
