

Priscilla Doyle

Professional Bio

Priscilla Doyle came back to St. Charles because she wanted to give back to the school that taught her not only about how important school was, but also how to make good decisions in life and how to be a good person. She graduated from St. Pius X High School in 2005 and went on to attend Western New Mexico University where she received her B.S. in Education with a math endorsement in 2009.

Educational Philosophy

I believe here at St. Charles our students are given the opportunity to learn among other things. At St. Charles, you gain knowledge to live your life successfully but also to live as a good person and always put others before yourself. I know this because I graduated from St. Charles in 2001. I believe Principal BJ helps guide us as teachers who then guide our fabulous students for their long journey ahead.
