

Rose Haley

Professional Bio

Mrs. Haley came to St. Charles Borromeo School because of her association with the Principal, BJ Rossow-Deming, and the Vice Principal, Laraun Harrison. She has stayed because she agrees with the school's philosophy, our goals and the family orientated community. She has been teaching since 1992 and holds a BS in Education. Mrs. Haley is also a member of the CRCIRA. Before teaching, she served 5 years in the USAF and was a Veterinary Assistant for 2 years.

Educational Philosophy

Everyone is placed here on earth for a purpose. Mrs. Haley believes she, and the students she teaches, can make a positive impact in today's world. Together, we can work together to grow, not in academics, but in our spirituality as well. She would like to be the teacher who touches the minds and souls of today's youth, for it is they who will have a profound affect on tomorrow.
