

Reyes Leonguerrero

Professional Bio

Reyes chose St. Charles Borromeo School not only because he is a member of the parish, but because he is a former student. He attended St. Charles from 2nd grade to 8th grade. He volunteered as a Teaching Assistant for the Science mid school teacher in 2006. Under his guidance, Reyes learned what it took to be a teacher, and with the heart of his students, fell in love with teaching. He enjoys working in the After Care program and has enjoyed working the summer program. St. Charles is a place of loyalty, unity and respect.

Educational Philosophy

A student who is confident is a student with no boundaries. People have the ability to achieve any goal they desire as long as they are willing to work for it. Education is not dependent on interpretation, rather, motivation. Without teachers, there isn't education. Without education, there aren't any teachers. Teachers and education are a product of life experience.
