

# Monica Roach

## **Professional Bio**

Monica Roach attended San Felipe de Neri Catholic School and continued on to graduate from Saint Pius X High School. She holds a B.S. in Elementary Education with endorsements in math and science from the University of New Mexico. Prior to pursuing her B.S. in education, Monica was the Quality Assurance Technician for the UNMH inpatient pharmacy department for several years. She then stayed home to raise her two children. As her children began school, she noticed the differences the teachers made in their lives. That is when she decided to become a teacher and positively impact the lives of children and their families.

## **Educational Philosophy**

Monica believes that there is not only one teacher in the classroom, but that every student is a teacher. The classroom benefits from the insight and experiences of the teacher and each student. We all come from different walks of life and she welcomes the diversity that this brings to the classroom. She also believes that every student enters with varying levels of academic knowledge and abilities. Monica embraces all abilities and provides opportunities for success at all levels.
